**Subject:** AW: Possible meeting on boric acid

Dear ,

Please allow me to come back to our exchange about a meeting with ZVO this autumn. As discussed earlier, ZVO has completed the literature review on boric acid and would be most pleased to meet you, and his team in Brussels to discuss the findings in person.

We would be very grateful if this could be organized sometime in the coming weeks perhaps? Please let me know which date would suit you best and I will try to coordinate with and from ZVO accordingly.

Thank you very much and kind regards

---
