Dear [REDACTED]

Thank you very much for your input. I understand that DG Comp is proposing to remove the reference to Article 5 of Directive 2001/29/EC, [REDACTED]

[REDACTED] If DG Markt agrees, I am happy to remove the mention of Article 5 and keep the general reference to "EU law, including competition law"

Could DG Markt please let me know by tomorrow (as that seems to be my deadline too) if they approve of this proposal?

Kind regards,

[REDACTED]

Dear [REDACTED]

On our second consultation, DG MARKT sent the attached comment (see document attached).

In addition, I received the following messages from COMP:

To reply to comment O3 -- "I am not sure I understand the question as currently worded. In any case, I would say that [REDACTED]"

Dear ENTR: Here our suggestion: "I would suggest to reflect again whether it is useful

[REDACTED]

" Please delete the following sentence: "as well as with Article 5 of Directive 2001/29/EC which sets

[REDACTED]."

I would greatly appreciate if you could send me as soon as possible (tomorrow?) a revised/consolidated reply taking these comments into account, if possible. Thank you very much in advance for your help.
