As per our letter of 4 July 2017 and taking into account the third-party consultations in accordance with Article 4(4) of the PAD Regulation, which took considerable time, we proposed you a reply in batches. This letter constitutes the second and final batch of documents falling within the scope of your request as follows.

1. Partial disclosure – 2nd and final batch

With regard to the first point of your request and as already stated in our letter of 4 July 2017, we understand that your request covers correspondence (e-mails or other) with third parties relating to EFSA's independence policy and its review, in the time period from 1 January 2016 until the date of your request.

We are pleased to provide you with a final set of documents that have been identified consisting of the correspondence between EFSA and the third parties as follows:

Two e-mails from a citizen;
Correspondence exchanged with a journalist in which we have masked information outside the scope of your request related to the independence policy;
E-mails exchanges with three journalists similar in content concerning the independence policy.

We would like to inform you that on 21 June 2017 the Management Board adopted the update of the EFSA’s independence policy which is now publicly available\(^1\). Furthermore, an ex post analysis on EFSA’s 2011 Policy on Independence and 2014 Rules on Declarations of Interest was carried out by Deloitte Belgium\(^2\). The Final Comprehensive\(^3\) and Summary\(^4\) Reports of this audit exercise, entitled “Ex post Evaluation of the Policy on Independence and Scientific Decision-Making Processes of EFSA and of its Implementing Rules on Declaration of Interest” are also publicly available. Other related documents have been identified. However, EFSA holds that these documents cannot be disclosed since they are to be protected under the exception relating to the “purpose of inspections, investigations and audits” provided in the third indent of Article 4(2) of PAD Regulation. We can add that these documents concern the audit activity carried out by Deloitte under the procurement contract.

In line with the settled case law of the Union Courts\(^5\), EFSA will only be able to balance the interests at stake and to consider the disclosure of personal data after you have provided an express and legitimate justification and convincing arguments in order to demonstrate the necessity of having personal data transferred to you.

With regard to the second point of your request, we have further verified the meetings held between EFSA and third parties relating to the EFSA’s independence policy and its review. As a result, no other meetings were identified to fall in the scope of your request.

We hope you find the disclosed document useful. I must remind you that all persons reproducing, redistributing, exploiting or making commercial use of this information are expected to adhere to the terms and conditions asserted by the copyright holder.
