

Subject: Meeting with Ericsson, 13 October 2016

I met yesterday with Rene Summer (Director Government and Industry Relations) and Walter van der Weiden (Director European affairs, Brussels office) from Ericsson.

Ericsson has commissioned legal analysis on **data flows** from a law firm. This will be presented on 17 October. Ericsson considers that the language on data flows in TTIP should be very similar to what is already in TPP, so that these two agreements combined would define the standard for the rest of the world. Equally important an issue is the non-disclosure of source code in TTIP.

Finally, Ericsson would very much like to welcome Commissioner Malmström to their offices when she is in Stockholm (Kista) next.

Kind regards, Nele
