Subject: Revision of Triton 2017 Operational Plan

Dear Mr Pinto, *Caro Giovanni,*

Due to the current situation in Central Mediterranean, you have requested Frontex to call for an urgent meeting in order to revise the Triton 2017 Operation Plan.

As you know, the Presidency has just confirmed a specific point on the Agenda of the informal JHA Council on 6 July - which I will attend - to tackle the migration situation on the Central Mediterranean Route.

In order to reply to your request and to take into due account the political guidances of the JHA Council, I propose you to host a meeting next week, either on 11 July or 13 July, in Frontex headquarters. Possible additional invitations will be send immediately after the Council on the basis of its conclusions and depending on the most convenient date for all participants.

Hoping that this proposal suits you.

Yours sincerely,

[signed]

Fabrice Leggeri
Executive Director
