Dear Jon

Further to our exchange of emails a little while ago, please find attached a letter from Eric Schulz to Commissioner Malmström.
The original will follow soon.

MHI has informed METI about the Commissioner's participation.
We don't yet know who will represent the Government of Japan at the BRT. Once we do, I shall let you know.

Both MHI and Rolls-Royce have confirmed that they are happy with the session format described in my previous email if that's what the Commissioner would like.

I'll be in touch in due course about practical issues.

See you on 11 July.

Regards,

Simon

Dear Jon

That's wonderful news. Given it is Golden Week this week it may take me a few days to get a formal ok from MHI and Rolls-Royce but I'm sure they will confirm that they are delighted and the timing.

I'll also ask them to confirm the session format we discussed last week: a 10-minute opening keynote by the Commissioner, 5-minute presentation / speech by a BRT EU-side company, 5-minute presentation / speech by a BRT Japan-side company and then a 40-minute Q&A / discussion.

Thanks again,

Simon

Dear Simon,

I'm happy to confirm that Commissioner Malmström is available to join the EU-Japan BRT meeting on 11 July. We have pencilled in her agenda the 11:25-12:25 slot – please let us know in case there would need to be any changes to this. And let us also further discuss preparations closer to the event.

Best regards
Jon

Dear Jon

Thanks for meeting [REDACTED] and me this morning and for a useful chat.

Please find attached an updated agenda for 11 July. On my return to the office I had an email from DG TRADE saying that Mauro would be its participant for the Joint Session. In due course, the BRT co-Chairmen will write formally to the Commissioner to invite her to take part in this year's BRT meeting.

In the meantime if you can get back to me to indicate whether she might be interested in taking part and also whether she is likely to be involved in the Summit possibly being scheduled for 12 July and necessitating a departure on 11th, that would be great.

Thanks again,

Simon

Dear Jon

We spoke very briefly before this morning's event at the EPC.

The next annual meeting of the [EU-Japan Business Round Table](#) will take place at the Palais d'Egmont on Tuesday, 11 July.

I know that Rolls-Royce, MHI and also METI very much hope that Commissioner Malmström will agree to take part.

In due course, I expect Eric Schulz (BRT Chairman – EU-side; President – Civil Aerospace, Rolls-Royce plc) to write to her to invite her formally.

In the meantime, please let me know when you would be able to meet Antoine (VP – EU Affairs, Rolls-Royce) and me to discuss the BRT annual meeting.

Sometime next week (not Wednesday) or the following one?

Regards,

Simon
