Dear Ms [REDACTED],

I would like to thank you for the informative meeting that we had in the Ministry of Science and Technology on 19 July 2017.

Following up on this meeting, please allow me to send you informally a note that my [REDACTED] has addressed to you on the subject of our NZEC cooperation

The official note, including a courtesy translation, will be sent to you through the EU Delegation in Beijing (in copy). However, as I have promised to you that you will receive an information quickly after the meeting, please kindly accept this direct contact from my side.

Yours Sincerely,

[REDACTED]
