**Attachments:** TABC Proposal Matrix for Industry Engagement on EU-US Energy Council - 2....pdf

Dear colleagues,

Attached are the awaited TABC proposals for increased industry engagement in the EU-US Energy Council, received last week.

The ideas come as a matrix of options. [REDACTED] is suggesting a meeting to discuss these in the 7-16 June period.

I'd be interested in your views on the options and your availability for a meeting.

Best regards,
