Subject: RE: NEED FOR EU COORDINATION - Council of Europe - Recommendation on Internet intermediaries under negotiation

Dear [REDACTED],

Many thanks for bringing this issue to our attention!

Our idea is to have a presentation from COM in HWP Cyber on 30.10 (as last item in the evening around 5-6 pm).

In addition, we are exploring whether we could include a point on 13.11 CATS agenda to have a presentation from the COM on the online platforms communication and the CoE issue.

If the MSs hopefully indicate interest to speak in single voice on that issue in CoE, we/you could even consider an informal messaging paper that explains why we in the EU find some parts of the draft problematic.

Let's keep in touch on that!

Best regards,

[REDACTED] (home) in coordination with [REDACTED] (justice) and [REDACTED] (cyber)
