Dear Ms Cann,

Subject: Your message of 26 February related to your application for access to documents – Ref GestDem No 2018/0774 (and identical requests GestDem 2018/0779, GestDem 2018/0817 and GestDem 2018/0960)

Thank you for your email of 26 February by which you follow-up to our reply (Ares(2018)1044669) to your application for access to documents – Ref GestDem No 2018/0774 (and identical requests GestDem 2018/0779, GestDem 2018/0817 and GestDem 2018/0960).

As noted in our previous letter, in our searches we did not identify any "*list of lobby meetings held on the topic of the Commission's new strategy to minimise exposure of EU citizens to endocrine disruptors, beyond pesticides and biocides*". However we identified minutes of meetings held with third party organisations in which the subject was discussed, which we disclosed to you after having redacted information that fell outside the scope of your request.

I would like to reassure you that the relevant Directorates-General and services of the Commission were consulted when handling your request¹, and all existing documents falling under the scope of your request have been identified.

¹ Including, in particular, the Directorate-General for Internal Market, Industry, Entrepreneurship and SMEs, the Directorate-General for Environment and the Directorate-General for Health and Food Safety, to which you had submitted the same request.

For further information on the Commission's document management and archival policy, I would like to refer you to the relevant webpage of the European Commission².

Yours sincerely,

Julien Mousnier
Head of Unit
