Subject: Trans Atlantic Business Council

On 7 February 2018 I met with Mr. Ignasi Guardans in his capacity as the incoming Acting European Director of the TABC. Mr. Guardans stressed that after the TABC re-organisation his organisation stayed as committed as ever to promote the trans-Atlantic economic relationship. While the conversation mainly centered on the state of play of the EU-US trade relationship under Pr Trump, other global trade issues like the WTO were also briefly brought up.
