Dear [REDACTED],

As part of its Better Regulation Agenda, the European Commission is very attentive to the opinions of European citizens and stakeholders when it proposes and updates legislation. The 'Have your say' platform is one important tool through which such opinions are collected.

As noted in your e-mail, a large number of contributions have been received through this platform regarding the 'Proposal for a Regulation of the European Parliament and of the Council establishing the European Defence Industrial Development Programme aiming at supporting the competitiveness and innovative capacity of the EU defence industry'.

The Commission has collected the views sent on this proposal and submitted them to the co-legislators¹ – the European Parliament and the Council of the European Union - who are currently discussing this proposal.

Yours sincerely,
