Subject: Report of meeting with Digital Europe - 15.06.2016

[out of scope]

On 15th June 2016, Rupert Schlegelmilch met representatives of Digital Europe and its members today as a follow-up to the INTA hearing on Digital Trade. They noted that digital trade has been gaining a lot of attention and ground recently, which was a welcome development and raised issues relating to ongoing multilateral, plurilateral and bilateral processes.

Finally, they

noted that [out of scope]

Japan's position on data flows was rather unclear, with the focus being almost entirely on the potential for an equivalence decision.
