Subject: Trade negotiations

Dear Mr Klitz,

We are in advanced stage of negotiations for a free trade agreement with Mexico and Mercosur (Brazil, Argentina, Uruguay and Paraguay). Obviously cars and car parts are an important part of the agreements. VW is a big player in both regions and I would like to hear your views and expectations for these negotiations. I have been in touch with ACEA and I would like to complement my understanding with your own views.

I would appreciate your time for a meeting or call at your best convenience.

Best regards,

Miguel Ceballos Baron

Deputy Head of Cabinet of Cecilia Malmstrom

European Commissioner for Trade
