Dear Vesna,

On the following link you can find a PDF version of the main text of the BirdLife progress assessment report on the EU biodiversity strategy. This is what I will be handing today to the Commissioner.

The executive summary is available at : <http://www.birdlife.org/eubiodiversityreport2012/wp-content/uploads/2012/09/Executive-Summary.pdf>

On October 2nd this will be launched publicly. The full report will be online, and it will include many case studies, specific profiles of each EU MS state, and fact sheets on biodiversity funding in a selection of MS. <http://www.birdlife.org/eubiodiversityreport2012/> This website is still under construction at the moment (but can give you an idea of the final product).
