Subject: Tackling marine litter and port reception facilities - As combined my business contact
Attachments: Joint Position FEAD_EuRIC on EC proposal on Single Use Plastics - June 2018.pdf

Dear Mrs. [REDACTED]

It was a pleasure meeting you yesterday at the "Tackling marine litter and port reception facilities" event organised by Mrs. Bonafè.

As combined, I send you a short email with my contact to introduce myself regarding my new position at the European Federation of Waste Management and Environmental Services. My main dossiers are legal and market issues and circular economy.

Yesterday, I was very happy as well with the speech of Commissioner Vella at the Annual event of the Retail Forum for Sustainability and particularly when he stated: *"the bottled drinks where some producers incorporate recycled PET in their bottles. This is the Circular Economy in practice"*.

Echoing this statement, I would like to send you the FEAD/EuRic position paper on single-use plastics proposal as our main position is to make sure that the finally adopted Directive foresees a proposal on binding recycled content at first for plastic bottles with regards to the targets already set in the Packaging and Packaging Waste Directive.

I look forward to meeting you again and please feel free to contact me if you have any questions on waste management.

Wishing you a good day,

Kind regards,

[REDACTED]
