Dear [REDACTED],

I follow up on your presentation at FooddrinkEurope's last week and our brief exchange thereafter.

We would very much like to meet with you in relation to the Commission's current request for industry pledges on recycled plastics and other circular economy issues of the utmost importance for natural mineral and spring water producers (through its national trade associations and direct company members, EFBW represents over 550 bottling companies).

As you underlined in your presentation, time is of essence, so I am taking the liberty of already proposing some dates: 8th of March (pm); 19th of March (all day), 20th of March (morning) and 21st (all day). I hope one of those dates is suitable for you. If that's not the case, kindly provide us with an alternative choice.

We look forward to meeting you soon.

With best regards,

Patricia Fosselard

Secretary General
