Thank you for joining us at  
**No child left behind: Families, not institutions – EU external action, championing children's rights**

Dear Participant,

Lumos and the European Commission would like to thank you for your participation in the conference “No Child Left Behind: Families not Institutions – EU External Action Championing Children’s Rights ” on 15 June. This conference was a pivotal moment in our effort to end the institutionalisation of children across the world, and your participation in this important event was highly valued.

A wide range of stakeholders were present, including policy and decision makers, senior experts, international donors, leaders in the fields of international development and human rights, colleagues at the beginning of their careers and most importantly, young self-advocates from across the world. We sincerely hope that the messages of the conference have inspired you to take an action for ending institutionalisation of children globally.

We are looking forward to sharing the full conference report with you in the coming weeks.

Should you have any questions or wish to get in touch with us after the conference please contact [REDACTED] at [REDACTED]@wearelumos.org.

With best wishes,  
Lumos and the European Commission
