**Subject:** Meeting request - Qualcomm

Dear Mr Buhr,

My name is [REDACTED] and I work with [REDACTED], the public affairs consultancy. I am writing on behalf of Qualcomm, to request a meeting with [REDACTED].

Given that [REDACTED] has not had the opportunity to meet you (or any other member of the cabinet) since Ms Gabriel's appointment last year, we would see this meeting as a an introductory conversation and as a general exchange of views. More specifically, Qualcomm being the largest provider of mobile chipsets and a key player in the development and standardization of mobile communications technologies, in particular 5G, topics that [REDACTED] would be happy to address with you include:

- 5G and IoT
- Connected and autonomous cars
- Security
- And Qualcomm's development plans in Europe against the background of its planned acquisition of Dutch-German chipmaker NXP, which received the European Commission's approval in January.

Finally, [REDACTED] would also be delighted to talk about the upcoming Mobile World Congress in Barcelona and whether it might be possible to consider arranging a meeting with Commissioner Gabriel in that context.

If you are available for such a meeting, could you let me know a few dates that I could pass on to [REDACTED]?

Thank you very much in advance and kind regards,

[REDACTED]
