Subject: RE: Request for Meeting by MedTech Industry Pool (Cocir, MPPE, MedTech Europe)

Dear [REDACTED]

Thank you for your email and excuse me for replying so late.

As you have underlined in your email, we are at the moment focussing on the implementation of the two Regulations on Medical devices, and as we met recently on the same topic, we have a clear view on your position regarding HTA for Medical devices.

At this stage of the process, we would suggest that you get in touch first with the unit in charge of HTA in DG SANTE.

We could organise a meeting together later this year, when DG SANTE will come with a proposal to go forward on this topic, we would then have a better view of the proposal for future HTA cooperation on Medical devices.

Thanks and best regards

Subject: Request for Meeting by MedTech Industry Pool (Cocir, MPPE, MedTech Europe)

Dear [REDACTED] Dear [REDACTED]

In name of the MedTech Industry Pool (COCIR, MedTech Europe, MPPE), we would appreciate to meet in the coming weeks, following the finalization of the EC consultations reports to discuss in more detail

- the outcome of the consultations
- the joint Medtech industries view on the HTA Cooperation specific for MedTech
- to clarify the member state specific (if any) role of HTA and the localized decision making different from Pharma
- the newly planned legislative initiative in the context of the “better regulation”
- to provide any further insights needed, questions to be answered

Could you provide a couple of proposed dates before the end of June ?

We realize that the implementation of the legislation will be most timeconsuming, however do believe it will be important in upcoming interservices discussions.

Thanks and best regards,

[REDACTED] (Cocir), [REDACTED] (MPPE), [REDACTED] (MedTech Europe)
