Hello Miguel,

Long time, no talk - hello from Ilkka - from the days of Santer & Prodi Commission in the Liikanen cabinet.

I just tried to call you and left a message, as I just noticed that you are now at the cabinet of Canete, and seem to be covering Renewable Energy. Congratulations, an interesting field !

I work these days for Neste, the world's largest producer of high-quality renewable diesel. Our executive board member Ms. [REDACTED] recently met with Ms. Lobillo Barrero to discuss the future of biofuels policy under the RED Directive.

Now we do have a big worry about what we understand has been put to inter-service consultation by DG Energy about transport biofuels post-2020, as we have heard that it might define what is considered as "advanced biofuels" very narrowly.

If you follow this file in the cabinet, I would love to quickly talk with you, or even better, meet this Friday in Brussels, as I will be in town for business on this Friday the 18th. Anytime after 11.00 would work, as my plane is scheduled to land 9.30.

Best regards,

Ilkka
