FYI

Today we (4.1(b) and myself) met 4.1(b), Nike Government and Public Affairs with a view to discussing the state of play with Indonesia.

4.1(b) stressed that most of Nike's factories are in Vietnam, Indonesia and China. In Indonesia there are 41 factories and 200 000 workers, making Indonesia the second most important investment for the company. 4.2

4.1(b) asked for a state of play of negotiations with Indonesia, the Philippines. She also hinted at other ASEAN countries and the forthcoming Court judgment on the Singapore Free Trade Agreement.

We conveyed the importance for GSP beneficiaries, including EBA countries like Bangladesh and Cambodia, to live up to and honour their GSP obligations. In this regard, 4.1(b) indicated Nike's limited exposure to Bangladesh (three factories only) 4.1(a) and 4.2 .
