Subject: Report of the phone call by Weber Shandwick on AD on biodiesel from Indonesia, 21 March 2018

Fyi

Today I was contacted by [REDACTED] of Weber Shandwick, who called on behalf of Repsol.

He asked about the state of play of the imports of biodiesel from Indonesia.

In particular, he asked about the impact of the changes in TARIC codes which have been recently announced and whether the exporters involved in the annulment of the AD cases in front of the European Court of Justice are already allowed to export to the EU.

I provided general information according to our Line to take and referred him to our colleagues dealing with anti-dumping.

Best regards,
