Subject: RV: JR SWW AND CMT SWW FINAL DOCUMENTS

Dear Helen Clark

As presidency from the SWW Group, find the JR and annexes prepared by this group together with the Choke Mitigation Tool from SWW.

Firstly I would like to highlight the great effort that was made by this group to achieve to send this information on time.

As you already know we are still waiting to receive the advice from the Advisory Councils and we save the possibility to introduce changes in this Joint Recommendation in light of this advices as we would like to take into account the Advisory opinion.

Find two links to download it.
