Subject: Request for a meeting with Commissioner Bienkowska in July

Dear Mr. Husak and Ms. [REDACTED],

Our Amazon Senior Vice President [REDACTED] who will be in Brussels in the week of 11 to 15 July and 18, 19, or 20 July would like to request a meeting (letter for a meeting request attached) with Commissioner Bienkowska at one of the proposed dates (what suits the agenda of the Commissioner best), to discuss the Commissioners Digital Single Market proposals that are launched today and how we can deliberate on these important legislative initiatives.

There are many Digital Single Market areas in which we believe we can contribute in the coming months including through our insight in innovation and our focus on customer service such as data flows, electronic communications review, copyright, audio visual and cloud computing. In addition through our marketplace we create jobs and growth for European SMEs.

We would welcome the opportunity for a meeting and continued collaboration to strengthen the Digital Single Market.

Looking forward to your response.

Best regards,

[REDACTED]
