Dear [REDACTED] and [REDACTED],

I tried to contact you by phone today but probably you are both enjoying a well-deserved holiday break. I wanted to follow up to our invite for a bilateral meeting with Commissioner Bienkowska with our European CEO and Board members. Attached the letter we extended to the cabinet in July. Unfortunately it was not possible to hold the meeting. I would further like to propose the 13th or the 14th of October as the next opportunity when our CEO Mr [REDACTED] will be in Brussels.

I would also take this opportunity to invite Commissioner Bienkowska to visit our headquarters in Seattle at her next US trip which I understand is in September.

Thank you for your consideration and looking forward hearing from you.

Best regards,

Dear Commissioner,

It was great meeting you at the IPR conference in June where Amazon signed the anti-counterfeit MoU. Thank you again for your leadership to drive forward this co-regulatory framework which we continue to support and invest in.

I wanted to follow up to our invite for a bilateral meeting with our European CEO and Board members. Attached the letter we extended to the cabinet in July. Unfortunately it was not possible to hold the meeting. I would further like to propose the 13th or the 14th of October as the next opportunity when our CEO Mr Garambois will be in Brussels.

I would also take this opportunity to invite you to visit our headquarter in Seattle at your next US trip which I understand is in September. I am happy to work with your team to follow-up on the agenda.

Thank you for your consideration and I wish you a nice holiday.

Dear Mr. Husak and Ms. [REDACTED],

Our Amazon Senior Vice President [REDACTED] who will be in Brussels in the week of 11 to 15 July and 18, 19, or 20 July would like to request a meeting (letter for a meeting request attached) with Commissioner Bienkowska at one of the proposed dates (what suits the agenda of the Commissioner best), to discuss the Commissioners Digital Single Market proposals that are launched today and how we can deliberate on these important legislative initiatives.

There are many Digital Single Market areas in which we believe we can contribute in the coming months including through our insight in innovation and our focus on customer service such as data flows, electronic communications review, copyright, audio visual and cloud computing. In addition through our marketplace we create jobs and growth for European SMEs.

We would welcome the opportunity for a meeting and continued collaboration to strengthen the Digital Single Market.

Looking forward to your response.

Best regards,
