

Brussels 24/05/2017

22/05/2017 meeting (15-15:30) with: Dr Westermeier and Mr Watson from SolarPower Europe

Participants for Commission : Vice-President Sefcovic, Dagmara Koska, Manuel Szapiro

Main topics discussed: Dr Westermeier was introduced to VP as newly elected President. A short presentation was also given by Solar Power Europe of the industrial strategy they had developed, with a value chain approach. Solar Power finally gave their views on the latest developments related to the Clean Energy Package, stressing the importance of this package for complete decarbonisation (with focus on governance, market design and renewables).
