Dear Paulina,

Many thanks for this.

The latest information I have is that the Chancellor intends to host a further meeting in Berlin towards the end of the second quarter , probably June. I understand that it will have a similar format/invitees to the previous events and that she would like to have a focus in the discussion on how to drive the digital economy/'Industry 4.0' as a strategic means to boost the EU economy.

I will be happy to let you know as soon as I hear more.

Kind regards

[REDACTED]

Dear [REDACTED],

Thank you for your message. We are checking the availability of the President and will get back to you shortly.

When we met earlier this week, you also mentioned the dinner that usually takes place between Chancellor Merkel, President Hollande and the ERT and to which the President would be invited. Do you have any more information about that also, please?

Many thanks, kind regards,

Paulina Dejmek Hack
Member of Cabinet

Dear Paulina,

Firstly many thanks for joining our Competitiveness WG yesterday. Your presentation and clarification of the way in which the "Investment Plan for Europe" will operate was much appreciated. If you have a slide set I would be happy to circulate this to all ERT member companies in addition to the WG members.

Also as I mentioned to you, ERT's Chairman and Members would much appreciate the opportunity to meet President Juncker at his convenience. This has occurred on several occasions with previous Presidents

As you know, ERT is a forum bringing together around 50 Chief Executives and Chairmen of major multinational companies of European parentage covering a wide range of industrial sectors. The current Membership list is attached.

ERT has a Steering Committee of 10 Members (list also attached) which will be meeting in Brussels on 9/10 March and 14/15 September in Brussels. One of these dates may provide a good occasion for an exchange of views on practical steps to stimulate better growth, investment and job prospects, and on how industry can contribute. Failing that, we would be happy to try to assemble an appropriate delegation of ERT industry leaders on any other date that suits the President.

Kind regards
