

European  
Automobile  
Manufacturers  
Association

Mr Frans Timmermans  
Executive Vice-President-  
European Commission  
BE - 1049 Brussels

Brussels, 4<sup>th</sup> February 2020

Dear Executive Vice-President,  
Dear Mr. Timmermans,

On behalf of our ACEA

... me to thank you for taking some time to discuss your plans  
for a European Green Deal with the European Automotive industry.

I thought our exchanges were fruitful and allowed the main automobile original  
equipment manufacturers to hear from you how you envisage the future of transportation in the  
EU. I also believe that it was important for them to share their concerns and emphasize what we  
believe are the key enabling conditions to make sure that the sector moves towards a greener future  
without jeopardizing its competitiveness. Once again, ACEA has tried to summarize our views on  
the European Green Deal in our 10 point plan which you will find attached to this letter.

As mentioned during the meeting, we will take the opportunity to work more closely than ever with  
your teams in the upcoming months to continue this dialogue. In this regard, we welcome the  
possibility to meet with you again before the summer as a high-level follow up to last week's  
meeting.

With my best regards,

ACEA
