Subject: RecycledContent.eu - Coalition Call to Support Binding Recycled
Content Targets in Beverage Bottles
Attachments: RecycledContentCoalition_SUP_26.pdf

Dear First Vice-President, Dear Mr. Timmermans,

Following-up on our previous exchanges on the topic, I would like to bring to your attention and echo **the Call of a multi-stakeholder European Coalition in favour of mandatory recycled plastic content target** as part of the on-going dialogue meetings on the proposed Directive on the Reduction of the impact of certain plastic products on the environment.

SUEZ supports and is represented in this unique Coalition which brings together 26 organizations representing industry sectors, environmental NGOs, local authorities, resource management and recycling companies, civil society, marine protection groups and EPR / DRS schemes in Europe.

Together with EURIC, this Coalition has been initiated by FEAD, which I chair the presidency for the last two years, to demonstrate that mandatory recycled plastic content is widely supported and makes sense from a local, environmental, economic and employment perspective.

The initial analysis of your services on the voluntary pledges exercise initiated as part of the Plastics Strategy proves that there is a momentum to take action if we want Europe to become a truly circular economy when it comes to plastic recycling.

This policy move would establish a solid pillar of the Commission's legal framework on Circular Economy and Waste management in Europe.

Should you have any questions or feel the need to exchange on this topic during a meeting, do not hesitate to contact us.

Kind regards,

Jean-Marc Boursier
