Subject: access to documents request - The amount of agrochemicals has been used in the crops

Dear Agriculture and Rural Development,

Under the right of access to documents in the EU treaties, as developed in Regulation 1049/2001,
I am requesting documents which contain the following information:

I would like to get the amount of agrochemicals used in the different kinds of crops. For example, how many agrochemicals has been used in lettuce. I would like a list in showing different kinds of crops with the amount of agrochemicals used in it.

I want the list of Denmark. Thank you!

Yours faithfully,
[REDACTED]
