Hi all,

Thanks again for an excellent meeting on Tuesday - we thoroughly enjoyed the conversation.

We promised to give you access to some technical documentation during the session. Further to Greg's NDA email earlier today, please find attached links to several documents on the structure and security model of Foundry.

Please note that these are normally subject to NDA but shared in confidence in the interest of giving you visibility of our platform.

Do let me know if you have any questions, I'd be happy to answer them.

Best,
