Dear President,

We briefly met in September in Paris at the occasion of your meeting with [REDACTED]. On behalf of Apple, I would like to warmly congratulate you on your appointment. I wish you the best for your mandate. As you know and as discussed in the meeting with [REDACTED] in Paris, Apple is keen to support your Commission's push for the European Green Deal, as well as your efforts to make the digital transition work for consumers, businesses and the European society as a whole. [REDACTED] will be in Davos on from the evening of January 20 to late afternoon of January 23, 2020, and would welcome the opportunity for an exchange of views on your Commission's political and policy priorities and to discuss how Apple can best contribute over the course of your mandate.

I, and as I know [REDACTED] are confident that over the coming years the EU will achieve great successes under your leadership.

Yours sincerely,

[REDACTED]  
[REDACTED]

Apple
