Dear [REDACTED]

Please find hereunder the latest list of confirmed CEOs from the European aviation sector side as well as an updated suggested meeting scenario, including dedicated slots for Q&A. Could you confirm to us that this is fine?

Two questions:

- Could the session be recorded for internal purpose only?
- We've noticed that the public calendar of Mr Timmermans mentions a meeting with A4E airline CEOs. At the request of airports, manufacturers and air traffic controllers, would it be possible to include them in that entry.

Many thanks and please don't hesitate if you have any questions. Webex details have in parallel been sent to Mr Mes and Ms Hiesinger.

Have a nice weekend

Thank you, [REDACTED], for taking care of the set-up. Appreciated!

Of course, you can invite your Sherpas, the only thing that could be considered is for them to keep camera and sound off, which would give better quality of the video call and would make easier to identify the participants/speakers.

Hope this is ok with you, but you can discuss further with Daniel if needed.

Best regards,

Dear Daniel,

This short email to thank you for finding the time to dial in on the A4E Environment WG call. This was a lively exchange and members highly appreciated your questions and comments, so thank you for engaging. Touching upon some of the points you referred to, Eurocontrol has recently published a useful paper with the latest figures and data on aviation CO2 emissions (attached).

Having checked CEOs diaries internally, we would like to suggest the **following dates for a meeting between Mr Timmermans and the airlines CEOs, alongside representatives of airports and manufacturers (names and titles will have to be confirmed later)**. Would either of the following dates be suitable:

- 27 nov possible between 3pm and 5 pm
- 30 nov possible between 11am and 1pm or between 4pm and 6pm.

How should we proceed on this? Would you like us to make an official/formal request for a meeting with these dates, or are you comfortable taking it from here?

Best wishes,

[REDACTED]
