Subject: Speaker invitation / EY webinar - A green recovery and resilience plan for Europe

Dear Ms. Simson,

My name is [REDACTED] and I am [REDACTED]. We are convinced that Europe's Covid-19 recovery plans present an unprecedented opportunity to drive a more sustainable transition in the energy sector, and put us on the pathway towards net-zero emissions. We are currently working with the European Climate Foundation on this topic, conducting some primary research to identify 1000 green investment opportunities across the 27 EU member states that have the potential to create jobs and contribute to the EU's climate objectives.

We would be honored if you would consider joining EY in a panel discussion for the European Climate Foundation along with other distinguished speakers from EU institutions and from the business community. The webinar will be held on July 16th, from 11am to 12:30 CET. The discussion topics will focus on what needs to be done to accelerate the transition to a sustainable net-zero economy and the priority actions that should be included in recovery plans at EU and national levels to achieve this. [REDACTED] will present the report's main highlights during an upcoming webinar session that EY are hosting.

We would be delighted if you could confirm your attendance for this important discussion.

Best regards,
