

EUROPEAN COMMISSION
SECRETARIAT-GENERAL

Recovery & Resilience Task Force
[REDACTED]

Brussels
SG.RECOVER [REDACTED]

Dear [REDACTED],

Thank you very much for your email sent to Commissioner Ferreira, dated 1 December 2020. Commissioner Ferreira has asked me to reply on her behalf.

The European Commission welcomes the political agreement reached between the European Parliament and the Council on the Recovery and Resilience Facility (RRF), the key recovery instrument at the heart of NextGenerationEU.

We have well received and reviewed the paper containing Assonime's proposals for effective management of the Recovery Fund in Italy.

The Commission is currently in intensive dialogue with the Member States on the preparation of their recovery and resilience plans, which set out their national reform and investment agendas. In this context, your contribution is very timely as governance of the plan is an important issue that Commission will be paying due attention to in discussions with the Member States, including Italy. Rest assured that we will take your suggestions into consideration.

Yours sincerely,

[REDACTED]
