Dear Speakers and Participants,

THANKS A MILLION FOR AN INFORMATIVE AND VALUABLE DISCUSSION TODAY.

I wish all of us best of luck in search of the answers to the many excellent questions posed today.

With warmest regards,

Project lead

EU/EEA NITAG COLLABORATION

Dear Colleagues,

Please be invited to a forward looking webinar on

- * Goals and strategies for COVID-19 vaccination
- * The future of COVID-19: evolutionary and immunological lessons from other viruses
- * Will vaccination end the pandemic?

Wednesday 24th of March 13:00 – 14:30 CET.

We will listen to a series of interesting presentations that will put the COVID-19 outbreak and the on-going vaccination goals/strategies into a future perspective. A little warning, it is likely that we will leave the webinar with more questions than we have moving into the webinar, for all of us then to try to find ways to look for the answers...

Please extend the invitation to all EU/EEA NITAG Members and colleagues in public health or ministries of health with responsibilities for the COVID-19 vaccination programmes.

Please find dial-in details below.

A very warm welcome to all.

Programme

13:00 – 13:05

Welcome and objectives of the meeting

[REDACTED], ECDC

13:05 – 13:20

Moving forward: considerations on goals and strategies for COVID-19 vaccination

[REDACTED], ECDC

13:20 – 13:30

Discussion

All

13:30 – 13:50

The future of COVID-19: evolutionary and immunological lessons from other viruses

[REDACTED],

Associate Professor, LSHTM

13:50 – 14:00

Discussion

All

14:00 – 14:20

Will vaccination end the pandemic?

[REDACTED], Director of LSHTM and Special Advisor to the President of the European Commission

14:20 – 14:30

Discussion & Next steps

All

*Please note that the meeting will be recorded for the purpose of the minutes.

PS. Please note that we are waiting for EMA to indicate the best timing for a follow-up discussion on the safety signal for the COVID-19 Vaccine Astra Zeneca. You will hear from us shortly.DS

With kindest regards,

[REDACTED]
