Subject: INVITATION: European Energy Forum opening dinner-debate - 16th July 2019

Dear Mr Commissioner,
Dear Miguel,

As the Parliament prepares for the European elections, the Board of the European Energy Forum already prepares the program of events for newly elected MEPs.

For over 20 years, the EEF has been organizing dinner-debates meant at informing and debating energy topics. Our goal is to inform newly elected MEPs, right from the start of their mandate, and give them an opportunity to discuss at the highest level the climate and energy legislation.

I therefore would like to kindly invite you to be the speaker of the EEF opening dinner-debate taking place in Strasbourg on Tuesday 16th of July 2019 (dinner 19.30-21.00 – time can be adapted according to your preferences).

We believe your participation as speaker would be a great occasion not only to give an overview of the past successful achievements but also to have a fruitful discussion on the future of the energy and climate legislation and this way, to hearten and inspire the newly elected members of the European Parliament. The audience will be MEPs, industry representatives as well as national representatives.

The EEF event you took part to in January firmly remains in the memory of those who had the honor to attend it. Thanks to your dedication and commitment, energy and climate legislation has seen a tremendous development over the last five years. I do hope you will be able to accept my invitation to speak in July in our Forum

With warm personal regards,

Jerzy Buzek, MEP
President of the European Energy Forum
