Brussels, 23rd July 2021,

Subject: Cooperation scheme on hazelnuts under the decision n°2/06 of the EC

Dear Mr Clarke,

We would like to thank DG AGRI for organizing the bilateral online meeting between the EU and Turkey on hazelnuts on 30 September 2021. This annual meeting, which takes place before the beginning of the hazelnut marketing year, is very important to discuss production forecasts, stocks, possible export prices and market developments. We approve of the draft agenda provided by email on 14 July.

Due to the importance of this meeting, Copa and Cogeca would like to offer the participation of the best experts to represent European growers and cooperatives in the sector.

The language regime of this meeting would be English and Turkish only, which is not enough for a detailed discussion. In order to allow the participation of our best Copa and Cogeca experts, we call on you to extend the language regime of this meeting to Spanish, Italian and French.

We hope that our remarks will be taken into account.

Yours sincerely,
