**Subject:** Meeting with Commissioner Wojciechowski on forestry issues this afternoon...

Dear Personal Data,

I tried to reach you by phone, but you were not able to answer. Let me just send you a line and not bothering you too much.

Amongst the four European forestry organisations (CEPF, Eustafor, ELO and Copa-Cogeca) we are looking forward to meet Commissioner Wojciechowski this afternoon at half past three.

I would underline that we are there as a team of four organisations. It is not only Copa-Cogeca. Could you pass this message to your colleague that may prepare some social media messages for the Commissioner? We would be happy to re-send those messages, too! After all, Mr Wojciechowski's role is of major importance in the EU forestry related policies!

Best regards,

Personal Data

Copa-Cogeca
