Automobile  
Manufacturers  
Association

Mr Carlos Moedas  
Commissioner  
European Commission  
BE-1049 Brussels

Brussels, 21 December 2017

To the attention of Mr Carlos Moedas, Commissioner for Research, Science and Innovation

Dear Mr Moedas,

[REDACTED], ACEA would like to invite you to participate in our Annual Reception on Wednesday, January 31 at 7.00 pm as key note speaker.

ACEA is organising this high-level event every year bringing together representatives from all EU institutions, NGO's, industry and media to take stock of the challenges and upcoming opportunities for the automotive industry in Europe.

The automotive industry being the largest private investor in Research and Development in the European Union, this event could provide you another forum to explain and reemphasize the vision of the Commission on this subject, as set out in your "Open Innovation, Open Science and Open to the World" strategy. We would plan to open the reception with interventions from [REDACTED] and yourself.

We sincerely hope that your agenda will allow you to join us for this event on January 31.

Looking forward to the opportunity to reconnect,

Sincerely Yours,
