NOTE TO THE FILE

Subject: Meeting between Mauro Petriccione, Director General and ENI

Participants:

- ENI: [REDACTED]
- DG Climate Action: Mauro Petriccione (MP), Director General, [REDACTED]

Discussion:

ENI presented their projects of investment in the Ravenna industrial district and intention to apply for support under the Innovation Fund. They raised concerns regarding the timeline indicated in the recently adopted Hydrogen Strategy. DG CLIMA explained the policy intention nature of this document and the importance of fully decarbonised hydrogen to reach carbon neutrality. ENI and DG CLIMA exchanged views on the importance of developing a market for hydrogen in order to step up the development of this technology, in particular in the transport sector. DG CLIMA outlined the different initiatives that the Commission intends to adopt to lower GHG emissions in transport in welcomed ENI's proposal to provide figures to underpin upcoming discussions in this respect.
