Subject: RE: EU-US Energy Relations (LNG)

Dear Ruya,

In the meantime, not all participants on our side are available any more on 3 May.
First availability for all would be only **Wednesday 24 May at 5pm**.
Let me know whether it would work for you.

Thanks,

Lee

Dear [REDACTED] and colleagues,

We are happy to confirm the meeting on May 3. It will be online, and we would be happy to share a Teams link with you if that works for you.

Best wishes,
Ruya

Thank you, [REDACTED] I will check internally and confirm one of the options.
Wishing you a nice evening.

Best,
Ruya

Dear Ruya,

Helena is available tomorrow and on **Wednesday 3 May**. She will be on mission to Portugal with Csr on 10 May. Available again on 17 May.

[REDACTED] seems to be available on 3 May and 17 May too, according to her calendar. If Barbara Glowacka joins the meeting, then 3 May seems OK, but not available on 17 May.

It looks like 3 May would be the best option on CAB+ENER side.

Subject: FW: EU-US Energy Relations (LNG)

Dear [REDACTED]

Following up on Helena's email, we were wondering whether any of the upcoming Wednesdays after 4.30pm (CET) would work for both Helena and Monika. Our client is based in the US, therefore, we need to take the time difference into consideration.

Many thanks in advance for your help with this.

Best regards,
Ruya

Dear Ruya,

Thank you very much for your email and flagging the interest if PAGE to meet.

We would propose that we extend the scope of the participants and we would also include representatives from DG ENER Energy Platform Task Force who are in contact with the US partners on similar matters on weekly basis – [REDACTED] in copy of this email as well.

I am adding my [REDACTED] who can take over with you and [REDACTED] team to find a suitable slot.

Just to flag that I am on a mission on the week of May 8 – 12, thus I would propose to avoid it.

Best regard,
Helena

Subject: EU-US Energy Relations (LNG)

Dear Ms Hinto,

We were in touch a couple of weeks ago. This time I am reaching out to kindly request a meeting for an alliance of LNG producers and infrastructure owners from the US – [PAGE](#). Our client would like to discuss the EU-US agreements around LNG and a potential longer-term arrangement whereby US LNG continues to contribute to European energy security at an affordable price, beyond next winter.

We were wondering whether you would be available for an informal exchange at the political level with the executives of PAGE's membership in the coming weeks. We would be grateful if you kindly shared your availabilities with us.

We stand ready to answer any questions you may have.

Best regards,

Rüya
