Our U.S. client PAGE which is an alliance of the largest LNG producers and infrastructure owners will be visiting Brussels next week, between 14-16 June. The executives of PAGE's membership would greatly appreciate the opportunity to meet Commissioner Simson to discuss the future of EU-U.S. cooperation on energy security beyond next winter.

We look forward to hearing back from you on the Commissioner's availabilities and remain at your disposal for any questions you may have.

With best wishes and kind regards,

Subject: Request for a physical meeting with U.S. LNG coalition - PAGE - please read
Importance: High

Dear Commissioner Simson,

I am reaching out to kindly request a meeting on behalf of the alliance of the largest LNG producers and infrastructure owners from the United States.

This alliance called [PAGE](#) is represented by high level executives among the largest companies of the U.S. in this sector, including EQT, TC Energy and Williams. In light of the latest geopolitical developments and considering the importance of this matter, our client would like to discuss EU-U.S. cooperation on energy as well as a potential longer-term arrangement whereby U.S. LNG continues to contribute to European energy security at an affordable price, beyond next winter.

We were wondering whether you and your team would be available for an in-person meeting with the CEOs of the PAGE alliance, who will be in Brussels **between the afternoon of Wednesday 14 June and the noon of Friday 16 June**. We understand how busy agendas are these days and the importance of synchronizing schedules, and thus, the CEOs' itineraries are adaptable to accommodate your availabilities during the mentioned days. In addition to traditional meeting times, we would like to also propose early breakfast (Thursday 15 and Friday 16), lunch (Thursday 15) and short dinner (Wednesday 14 and Thursday 15) slots – we hope that these options offer flexibility and provide opportunities for a meaningful engagement.

Our team remains at your disposal to provide any further information or clarification you may require. PAGE has been working constructively and openly with decision makers across the Atlantic. CEOs are very well informed and working directly with the White House.

I am committed to addressing any questions or concerns you might have to ensure a productive and fruitful discussion during the meeting.

Thank you for your attention to this request, and we look forward to the possibility of meeting with you to enhance EU-US cooperation in the energy sector.

I sincerely appreciate your consideration and are eagerly anticipating your response.

Best regards,

Maximo Miccinilli
