Issues raised & follow-up	**Objective**: meeting requested by Fleishman on behalf of PAGE to take stock of EU-US cooperation and possibility of further cooperation with greater LNG volumes Intro by PAGE member with brief overview of EQT (largest natural gas producer on East Coast, committed to reduce methane emissions. Priority: increase infrastructure), followed by 3 questions to the COM: **Q1: How are you strategically thinking about next winter and approaching the energy mix?** - Demand reduction obligation - Storage obligation - Gas prices currently low – but crisis not over. - US biggest LNG supplier - Aggregate-EU (with possibility to agree on LTC outside the platform) **Q2: Level of cooperation between EU/US?** - Constant dialogue w DOE/DOS – Energy Dialogue annual Conference, **Presidential joint statement of 2022 on EU-US cooperation on LNG** **Q3 : Possibility for the COM to support project and communicate about it?** - COM does not get involved in specific project developments, this will need to happen at B2B level, COM does work on providing a wider supportive policy context Conclusion – PAGE appreciated learning more about the context and dynamics – and in particular about AggregateEU. Hope to continue discussing
