Importance: High

Dear [REDACTED]

Commissioner Vălean would like to thank you for your invitation. But, due to the current situation determined by the Covid-19 Pandemic and the related institutional commitments her agenda is very busy, so she will unfortunately not be able to join you.

We take this opportunity to wish you all the success that you deserve for your event.

Subject: Invitation as Keynote Speaker to FuelsEurope online event "The potential of a liquid fuels strategy for the decarbonisation of transport"
Importance: High

Dear Ms Valean,

FuelsEurope is holding an online event on “The potential of a liquid fuels strategy for the decarbonisation of transport” in May 2021, to which I would like to invite you as a keynote speaker.

This event is linked to the FuelsEurope activity within the Parliamentary intergroup on ‘Sustainable, Long-Term Investments & Competitive European industry’.

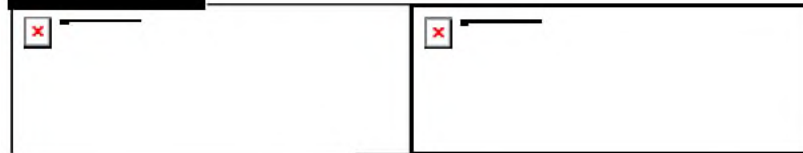

The purpose of the event would be to outline why liquid fuels are a critical part of the energy transition and future for hard-to-electrify transport, especially aviation, maritime and heavy duty transport; these fuels will enable the transport to become climate neutral, enabling faster progress, energy resilience and industrial transformation too.

In particular, this would be an occasion to launch across the EU institutions the idea that the EU should develop a Strategy for Liquid Fuels.

Given the importance of both the topic and the event to FuelsEurope, I would be very honoured of having you as the keynote speaker.

If this is of your interest and your agenda allows you to accept this invitation, I kindly ask you to let me know which dates would be suitable to you in May 2021.

Best regards,
