Subject: FPPG - Invitation Letter - Taxonomy

Dear [REDACTED]

I am writing this message on behalf of FPPG (The Oil and Gas Employers Federation from Romania) in order to have the possibility to share our position regarding Delegated Acts related to the classification system for sustainable economic activities (Taxonomy).

FPPG is today an adamant supporter of the decarbonisation of the energy sector in particular, aiming to endorse the overall greening of the economy and also to support the European Commission's objective of carbon neutrality by 2050.

Our members are looking forward to the opportunity to discuss about some of the critical aspects underlying the energy transition in the CEE region of medium to long term. We are available for a video conference at your earliest convenience.

You may find attached our invitation letter addressed to you and Mr Executive Vice-President V.Dombrovskis. I remain at your disposal for any further details.

We are really looking forward to your reply.

Kind regards,
