Dear Filomena,

I hope this finds you well! We talked once and exchanged emails when I was working as [REDACTED] at EuroISPA. I moved to Discord in January - I represent the company with EU institutions and stakeholders as [REDACTED]. [Discord](#) is a voice, video, and text chat app that's used by tens of millions of people ages 13+ to talk and hang out with their communities and friends.

First of all, let me congratulate you and the team on the great success regarding the Digital Services Act. It is impressive that the EU institutions managed to agree on a balanced text in such a short time. The DSA is of course of huge importance to Discord, which is why we would highly appreciate the opportunity to have an exchange with you on its implementation. We would also be happy to exchange views on the upcoming law to fight CSAM online. Last but not least, we would like to provide a presentation about Discord, covering our business model, with a focus on our content moderation practices.

As [REDACTED] will be in Brussels on 27, 28, 29, and 31 June, would you be available for an exchange that week?

I remain at your disposal should you have any questions about Discord.

Best wishes,

[Redacted]
