Subject: Webmeeting between the VP Sefcovic and CEOs of EBA

Dear Cabinet Members,
Dear Colleagues,

We have just been informed by EIT KIC **Innoenergy** that you would soon receive an invitation to a **webmeeting between Vice-President Šefčovič and 12 CEOs of the European Battery Alliance (EBA)** that will be organised next week on Tuesday **19 May** at **14:00** to 15:30 by EIT KIC Innoenergy.

The objective of the meeting is for the Vice-President to discuss with the industry (i) the state of play of EBA projects / ongoing investments, (ii) the implications of the Covid-19 crisis on the resilience of global battery value chain, (iii) the commitments of the industry throughout the value chain (including raw materials) and its partnership with public authorities at this critical juncture in line with the objectives of the European Green Deal, the Industrial Policy Strategy, and the new Circular Economy Action Plan.

We hope that you will be able to accept the invitation and join the webmeeting. Please note that this invitation is personal (1 person from your cab), as we aim for VP **Šefčovič** and VP McDowell (EIB) to interact directly with a very limited number of high-level industry representatives.

We look forward to seeing you.

Best wishes,
Adam and Manuel
