Hello [REDACTED]

This Committee only meets 4 times per year, so unfortunately the next meeting would be on 23 May.

A presentation at the Advisory Council on 20 March and at the WG Policy & Funding on 28 February would be good. If there are elements related to R&D or future technical work (including standardisation) that would be of interest to the Technology Committee that meets on 22 February.

Are the three possible? If not, would 22 February and 20 March work?

Kind regards,
[REDACTED]

Dear [REDACTED]

We would be happy to present the ICM Strategy to ZEP.

However, due to previous institutional commitments, we would need to do it on the following WG - after 8 Feb. Do you have a date for that?

Hello [REDACTED],

Just a reminder – would someone from your team be available on 8 February in the afternoon?

Best,

Hello [REDACTED]

I hope you are fine!

Would you or one of your colleagues be available to provide a presentation of the ICM strategy and an update on the CCUS Forum WGs at the Policy & Economics Committee on 8 February? It would be around 14:30 and 16:10 but I can join up the items if that's easier.

On another note, will a consultation be opened together with the ICM strategy?

Kind regards,

[REDACTED]
